

Notes for Applications for Capital Works Bridging Loans

If your organisation is not a charity, you must enclose a copy of your constitution.

You must have a grant approval from EU/Scottish Government/Lottery, and should enclose a copy with your completed application form.

The maximum loan available will normally be 90% of the grant approved by the funding body.

Please also enclose a cashflow statement, indicating when you expect to require the bridging loan.

The loan must be repaid within six months of the completion of the project. You may repay earlier if you wish.
